Mission & History

Lawyers for Civil Rights fosters equal opportunity and fights discrimination on behalf of people of color and immigrants. We engage in creative and courageous legal action, education, and advocacy in collaboration with law firms and community partners. Our organization is a leading hub for litigation, advocacy, and resistance to discrimination.

Our organization was founded in 1968 in the midst of riots, the aftermath of the assassination of Dr. Martin Luther King, Jr., and the findings of the Kerner Commission report concluding that the nation was “moving toward two societies. One black, one white – separate and unequal.”

With funding and pro bono legal services contributed by Boston law firms, the organization became the first of eight independently funded and governed local affiliates of the Washington, D.C.-based Lawyers’ Committee for Civil Rights Under Law, a national organization formed at the request of President John F. Kennedy to enlist the private bar in providing free legal representation to address racial discrimination.

In 1973, we became the first pro bono project of the Boston Bar Association (BBA) and the only Lawyers’ Committee in the country directly connected with a major bar association. Although the organization is now separately incorporated with its own 501(c)(3) tax-exempt status, we continue to maintain strong ties to the BBA and the private bar in Boston.

Membership by private law firms still forms the working foundation of our organization. Member law firms fund a significant part of our annual operating expenses and provide millions of dollars in pro bono legal services by working closely with the organization. In this way, for decades, we have harnessed the resources and talent of
Boston’s leading law firms to secure and protect the civil rights of Massachusetts residents.

Over the years, our organization has also grown, adding new projects and initiatives to respond to the changing face of discrimination. While working closely with an ever-increasing number of diverse community partners, we remain true to our core mission to challenge and eradicate all forms of discrimination.

In 2018, we celebrated our 50th anniversary and we also rebranded. The U.S. Congress marked this landmark occasion with a Congressional Resolution honoring our organization and 50 years of impactful work. The Boston City Council also issued a resolution declaring October 18 as Civil Rights and Economic Justice Day in Boston.

The struggle continues, but the future is bright. Lawyers for Civil Rights will continue advancing justice and equality for decades to come. Thank you for joining us tonight as we celebrate our 55th anniversary.

Message from the Executive Director

Since 1968, Lawyers for Civil Rights has transformed Massachusetts and surrounding areas through creative and courageous legal action and advocacy against discrimination. Fifty five years later, race continues to be an axis of stratification in our society and is linked to a wide range of inequities across education, employment, and healthcare. Today, we also recognize that discrimination takes many forms—and that factors such as race, sex, immigration status, gender identity, and sexual orientation can overlap and intersect with one another. The harm reverberates throughout communities. It’s compounded and transmitted generationally.

As we emerge from the pandemic, we are confronted with complex challenges surrounding our economy, the labor market, and how we maintain the vibrancy of downtown neighborhoods where we live, work, and play. LCR is committed to supporting small businesses to promote the economic revitalization of low-income neighborhoods and communities of color. This work will continue to be important as the economy continues to transform in response to the pandemic — and as our client communities experience an uneven recovery.

Our commitment to low-income entrepreneurs remains steadfast and we are proud to support small businesses through innovative legal and community interventions. We are also partnering with a wide range of allies, including tonight’s honoree, Bain Capital, to provide small business owners with critical resources and support.
We are also championing work across economic justice, education, employment, health equity, climate justice, fair housing, voting rights, police accountability, and immigrant rights.

As legal first responders, we are proud to be representing the Martha’s Vineyard migrants, many of whom are joining us here today. We also just returned from California where we responded to the State of Florida’s latest flights transporting migrants to Sacramento. On the ground, we shared lessons learned from the Martha’s Vineyard migrant crisis.

Our work is more important than ever, and we couldn’t do it without your leadership and support. Pro bono work is the pillar of the legal community. Thank you for joining us tonight! Let’s join forces to advance equality and justice!
Celebrating Advocacy

Choate congratulates Lawyers for Civil Rights on 55 years of fostering equity through creative and courageous legal advocacy, education, and economic empowerment.
Congratulations

Theodore Chase

In 2013, on the occasion of our 45th anniversary, Lawyers for Civil Rights established the Founders’ Award in recognition of the pivotal role that our founders played in championing civil rights and laying the groundwork for the ongoing work of challenging discrimination in Massachusetts.
