

# You count! Everyone counts!

The **U.S. Census Bureau** will send you a letter in Mid-March with a code asking you to complete Census 2020. You can fill out your Census form online, by phone, or by mail.

Your answers to the Census will determine how much money the state receives from the federal government for the next ten years. This money is used to fund public schools, hospitals, public transportation, and more. If we don't count everyone, we will lose money we need to fund these critical public and social services.

Need help? Call your local library or the  
**Lawyers for Civil Rights' Census Hotline**  
at 617-482-1145

- 1 Fill out one Census form for everyone in your household, including infants, children, and anyone not on the lease. Questions should be answered truthfully.
- 2 Information you give to the Census is **confidential**. The Census cannot share individual household information with anyone, including police, immigration, landlords or employers.
- 3 The Census will not ask any questions about citizenship or immigration status.
- 4 Please note that the more questions you leave blank, the more likely a Census worker is to follow-up with you in person.
- 5 Census workers will clearly identify themselves with an official Census badge.
